

Parents Permission to be Photographed and/or Videotaped

Dear Parent:

Your child has been invited to participate in the 2010 Peer Mediation Invitational, which is sponsored by the Western Justice Center and held at our historic campus and at the United States Court of Appeals for the Ninth Judicial Circuit, Pasadena. The Peer Mediation Invitational is an opportunity for students to learn and practice peer mediation skills.

During the day, some of the students and their art (for those participating in art projects) will be photographed and/or videotaped as they learn about different ways to resolve disputes. The tape and photos, sponsored by the Western Justice Center, will be used to demonstrate how the event functions and to encourage support for the event.

Students will not be specifically identified on the photos or tape, and these items will not be sold. They may be shown to groups who want to support mediation programs, or to groups who are learning to be mediators or want to establish a similar program in their schools or organizations.

Please sign this permission form below to allow your child to be photographed and/or videotaped during the day. It is important to return this consent form prior to your child's participation in the event.

Thank you.

Yes, I allow my child to be photographed and/or video taped.

No, I do not want my child to be photographed or videotaped.

Child's name _____

Parent's or guardian's signature _____
